Friendly Reminders:

- Since almost all gas now contains ethanol, a special fuel stabilizer needs to be added during each fill-up and especially before storage. The tank should be filled all the way before storing the boat. **The boat needs to be used at least once to allow the stabilizer to pass through the entire fuel system.**
- Make sure to leave keys in boat (\$10.00 charge for no keys)
- Please pump out your waste system (\$30.00 charge if we have to pump it out)
- All service work must be paid in full before the boat leaves Castaway Marina
- Boats must be picked up within 10 DAYS of service being completed (\$10.00/day fee will be charged thereafter)
